

S.O.E.L. Advantage — Apostille Coordination

Nationwide document authentication · DC / MD / VA in person · Mail-in from anywhere in the US

- Who is Pamela:** Maryland TIPIC credentialed notary with 25+ years of finance and operations experience. SOEL coordinates the requested apostille route, authority handoffs, courier, shipping, and return delivery; it does not certify apostilles or control final acceptance.
- What is an apostille:** Apostille coordination starts at \$150. State-issued documents route through the issuing state Secretary of State; federal documents such as FBI records go to the US Department of State in Washington DC. Final government or receiving-authority acceptance is outside SOEL control.
- Turnaround:** Federal documents: 11-15 business days. State documents: 1-5 business days. Expedited processing available on request.
- Service area:** In person: DC, Maryland, and Virginia. Mail-in accepted from anywhere in the United States — secure tracked return shipping once your documents are apostilled.
- How to start:** Submit the intake form on our website. We confirm document type and quantity, destination, processing authority, speed, courier, shipping/return delivery, and additional services before scheduling.
